

# We're Having A Party!

On Saturday **April 27th** 2019 the **Washington Climbers Coalition** is bringing climbers together to bring awareness to the WCC and to celebrate the successful installation of the second toilet at Frenchman Coulee.

## The Details

The celebration will be from 9am-6pm and will be held in the **Feathers** parking area. There will be tables featuring climbing and outdoor advocacy organization, outdoor vendors, and climbing gyms.

There will be clinics focusing on the principles of *Gym to Crag*, *Leave No Trace*, and *Climbing Stewardship*.

Then we will finish it off with a big raffle and a BBQ by the fire.

## You Are Invited

We would love for you to join! Set up at one of the tables and represent your organization. Also consider donating items for the raffle. Participating in this event will be a great opportunity to reach out to climbers from across the state and show your support for Washington climbing and the WCC.

## See you there!

Please let us know if you can make it.
